

OUR TOYS

We take pride and keep so much love for play that we've invested in **good, eco-sustainable ones**. Most of our toys come from **Plan Toys**. Their strong advocacy on sustainable material and sustainable manufacturing seized our hearts- they replant for every tree that they put down, produce energy from plant biomass, and use solar energy in their plantations!

We are extending their advocacy and ours to you. So if you want to nurture play and learning, at the same time, save money, space, and most importantly, our environment, **RENT!**

WHY RENT

We know, **PLAY** is the best way our children learn- and it doesn't end there! We offer you **MORE** than just toy rental subscription. **YOU** are sharing our advocacy of present, mindful parenting, nurtured every time you provide meaningful play to your child. You may access play and parenting resources, and avail of our coaching/ class services through our home: **Present Parenting Solutions**.

OUR TOY SETS

We have all sorts of open-ended, dynamic and versatile toys- great for nurturing playfulness, imagination, and creativity! Currently, we have over 40 toy sets to choose from (all UV-sanitized), each set having 2 to 5 toys, for long days and endless fun. You can also use our toys to grace your photo sessions- or just to have a joy-filled bath time. A lot of our toys are easily transportable to save you from resorting to gadgets, to ease the wait in line or in a restaurant, or to entertain your little love during a long flight. Below are several samples. For a complete list of our toy sets, rental cycle schedule, terms and conditions, message us through Facebook.
